

# Temperature monitoring solution

[Sales materials](#)

## AT&T Fleet Complete tracking and temperature monitoring

- Leverages a GPS tracking device that enables customers to manage and monitor driver location and behavior
- Collects and logs data that empowers customers to reduce fuel, labor and inventory costs, as well as comply with FSMA law
- Delivers insights to increase vehicle life and reduce unauthorized vehicle use
- Provides tools to optimize routing, improve fleet utilization and increase driver productivity
- Automates accurate mileage reporting to assist with fuel tax reporting
- Automates driver's Hours of Service logbooking and comply with ELD mandate

### Benefits

- Lower fuel & labor costs
- Capture real time location
- Log temperature and timestamp
- Manage safety & vehicle maintenance
- Improve compliance with ELD
- Deliver better customer service

### Target Markets

- Food Transportation
- Agriculture
- Reefer Transportation
- Grocery Delivery
- Produce Distribution

### Fleet management

- Fleet Tracker:**
- With ECM = \$20\*/m + \$130 HW
  - Without ECM = \$14.99\*/m + \$130 HW
  - Professional Install = \$140

### Electronic Logging Device

- ELD solution:**
- \$29/m + \$130 HW
  - DVIR = \$0 with ELD

### Temperature solution

- Temp solution (add-on to Fleet Tracker):**
- 30" Temperature Sensor = \$119
  - 48" Temperature Sensor = \$150
  - Accessory Install = \$60

### Qualifying questions

- Does your company utilize a GPS solution to track your vehicles, containers or any other valuable assets?
- How many vehicles or assets do you own/operate?
- Are you concerned with unauthorized use of your trucks, after-hours use, moonlighting or theft?
- Do your operations require you to monitor temperature inside the trailers?
- What is your current process in ensuring that your customer's cargo is transported in proper conditions at all times?
- Are you concerned with fuel expenditures? Vehicle idling? Speeding? Harsh braking? Rapid acceleration?
- Would having real-time information of where each vehicle is help you manage your fleet operations better?
