

Buy Here Pay Here (BHPH) vehicle monitoring solution

Protect your investment

- **Car location:** Asset Tracker AT1 monitors and captures the GPS coordinates, exact time stamp and address of a vehicle and displays it on the map.
- **Flexible location reporting:** Transmission frequency by default is set to once per day, allowing BHPH dealerships to monitor the location of their investments daily, with an option to switch to hourly or minute-by-minute tracking in a situation of a default payment.
- **Easy install:** The AT1 is a small battery-powered tracker that is easily concealed inside the vehicle with a double-sided tape.
- **Reliable service:** Self-contained battery power source ensures the asset tracker operates independently from the vehicle's power supply and will continue reporting even if the vehicle's power is cut.
- **Long battery life:** The 3.6V Lithium battery lasts for up to ~3,300 location pings approximating 4,5-5 years with a ping rate of 2 times per 24 hours.
