Fleet Complete platform benefits

- Fleet Complete for FirstNet provides an end-to-end fleet management solution which includes a FirstNet Ready™ Fleet Tracker 2 and FirstNet Certified™ Fleet Complete mobile app to connect your fleet to the FirstNet network.
- Continuous GPS tracking monitors the location of vehicles and assets for improved dispatching and operations.
- Provides tools to optimize routing to the call location, while improving situational awareness.
- Improves crisis management by providing time saving GPS location.
- Collect engine and vehicle data to improve fleet health management, while helping to ensure your fleet is road worthy.
- Receive maintenance and Diagnostic Trouble Codes to reduce vehicle down-time and increase operational efficiency.
- Delivers fleet operations insights to help improve vehicle lifetime, reduce unauthorized vehicle use and better manage inventory costs
- Monitoring usage of lights, sirens, and various other Analog PTO's assists with event-based reporting with timestamp and location
- Fleet Complete offers one of the smallest asset tracking devices on the market to track and manage high-value equipment and assets
- Helps improve driver coaching and fleet safety with video telematics and Advanced Driver-Assisted Systems (ADAS)
